

WEEK 11 OVERVIEW

An aerial photograph of a residential neighborhood that has been completely inundated with floodwater. The water is a murky, brownish-grey color, covering the streets, lawns, and yards of numerous houses. The houses have various roof colors, including grey, brown, and red. Many trees are still standing in the water, their green foliage contrasting with the brown water. A central street runs vertically through the middle of the image, with a few cars visible in the water. In the upper right corner, a green golf course is visible, partially surrounded by water. The overall scene depicts a severe flooding event.
