

WEEK 9 OVERVIEW

An aerial photograph of a residential neighborhood that has been completely inundated with floodwater. The water is a murky, brownish-grey color, covering the streets, lawns, and yards. Numerous houses with various roof colors (brown, grey, red) are visible, some with water reaching up to their windows. A central street runs vertically through the middle of the image, with a few cars visible in the water. The surrounding area is densely packed with trees and more houses, all submerged in the floodwater. In the top right corner, a green field and a winding river or canal are visible, providing a contrast to the flooded area.
