

WEATHER TYPING

An aerial photograph of a residential neighborhood that has been completely inundated with floodwater. The water is a murky, brownish-grey color, covering the streets, lawns, and yards. Numerous houses with various roof colors (brown, grey, red) are visible, some with water reaching up to their windows. Large green trees are scattered throughout the area, some with water reaching their lower branches. A central street runs vertically through the middle of the image, and a horizontal street crosses it. In the upper right corner, a green golf course is partially visible, also surrounded by floodwater.
